

Box-type industrial solar outdoor power cabinet

What is a Sunbox cabinet?

Our Sunbox cabinet series given its design, finishing and sealing is specially designed for solar photovoltaic, thermal, wind installations and outdoor areas with extreme climatic conditions of rain, wind, dust and corrosion. Do you need solutions? Custom made based on your needs.

What is a commercial solar battery storage system?

The commercial solar battery storage system is loaded with cell modules, PCS, photovoltaic controller (MPPT) (optional), EMS management system, fire protection system, temperature control system and monitoring system. The system configuration is modular, support multi-machine parallel, plug and play, easy to install and maintenance.

What is a solar enclosure?

The enclosures are specifically approved for use in solar power systems, designed in one piece monobloc, which provides excellent protection for inside electrical and electronic components. Also it has IP66 sealing and IK10 maximum possible resistance. Do you need extra info?

Applications Our Sunbox cabinet series given its design, finishing and sealing is specially designed for solar photovoltaic, thermal, wind installations and outdoor areas with extreme climatic conditions of ...
