

Tianjin Jucai Huixin Industry and Trade Co., Ltd (Jucai Huixin/JCHX), established in 2020 and headquartered in Tianjin's Daqiuzhuang Industrial Park, specializes in manufacturing photovoltaic ...

The company has 10 international advanced CZU steel automatic production lines, more than 100 skilled workers, annual profile processing capacity of more than 1 million tonnes.

The installation selection of photovoltaic ground brackets is mainly based on factors such as the fixing method of the bracket, terrain requirements, material selection, and the weather ...

When you're looking for the latest and most efficient Daqiuzhuang Photovoltaic Bracket Manufacturing for your PV project, our website offers a comprehensive selection of cutting-edge products designed ...

The photovoltaic (PV) bracket industrial chain comprises upstream, midstream, and downstream sectors, each playing a crucial role in the production and distribution of solar ...

At present, the company has developed and produced a number of fixed, tracking and other special bracket products, and has mastered the core technology of manufacturing structural bracket products ...

At Jucai Huixin, we can provide customers with welding, cutting, bending, drilling, polishing and rust removal, galvanising, painting, baking, shot blasting and rust removal and other processing treatments.

We're well-known as one of the leading green house and photovoltaic bracket manufacturers and suppliers in China. Please feel free to buy high quality green house and photovoltaic bracket ...

With floating solar installations projected to grow 300% by 2030, Daqiuzhuang's amphibious bracket system (patent pending) could be the industry's next game-changer.

Zinc-aluminum-magnesium photovoltaic brackets are used in centralized photovoltaic power plants nationwide, with high strength and good corrosion resistance of more than 30%.
