

We are a physical factory specializing in the production of photovoltaic brackets, earthquake-resistant brackets, cable brackets, and punched C-shaped steel....

This solar bracket ground screw is made of high-quality galvanized steel with hot-dip galvanizing surface treatment, which is specially designed for fixing solar photovoltaic systems.

With global seismic activity increasing by 18% since 2020 according to the 2024 Global Seismic Report, earthquake-resistant brackets have become critical for solar projects in vulnerable regions. Let's ...

Hot DIP Galvanized Photovoltaic Bracket, Earthquake Resistant Bracket Factory, Discount Low Price

We also produce building seismic brackets, finished brackets, photovoltaic brackets and other products. We have become one of the leading units in the fire engineering materials industry in Nanchang, ...

Our company have got the International Quality System ISO9001: 2008 certificate, and most of products had passed the international lab test. We produce both a standard range as well as customer orders. ...

Our brackets are made of high-quality hot-dip galvanized steel, which has strong corrosion resistance and can maintain long-term stability in harsh weather and environment, especially suitable for humid, ...

Hebei Hekang Metal Products Co., Ltd. is a domestic manufacturing enterprise specializing in the production and wholesale of earthquake resistant brackets, photovoltaic brackets, punched C ...

Solar photovoltaic installation systems are generally made of aluminum& comma; stainless steel& comma; iron& comma; composites& comma; and plastics& period; These systems provide an ...
