

For enhanced safety, this inverter is able to incorporate AFCI. Its high efficiency (98.3%) and its enhanced oversizing & overloading capabilities represent an outstanding improvement in the ...

Featuring 2 MPPT and 3 string inputs, the GW12KT-DT (+DC-SWITCH/WIFI) inverter is equipped to handle an array of solar panel configurations, allowing for maximum power generation under any ...

Equipped with dual MPPTs (Maximum Power Point Trackers) and built-in WiFi, this 12kW inverter ensures optimal energy harvest and seamless monitoring of solar energy production. Its robust ...

Model: GW12KT-DT, Series: SDT G2 Series, Manufacturer: Goodwe, Protection Class: IP-65, Maximum DC Voltage: 1000 V, Display: LCD/LED

[View online](#) or [download Goodwe GW12KT-DT User Manual](#).

With 50% DC input oversizing, 10% AC output overloading capability, it drives this inverter to its full capacity by adding extra reflections from the backside of bifacial panels, to increase your power ...

The SDT G2 series of inverter from GoodWe is one of the best options available in the residential & commercial sectors owing to its technical strengths, which make it one of the most productive ...

Product information "GW12KT-DT (+DC-SWITCH/WIFI)"; The SDT G2 series of inverter from GoodWe is one of the best options available in the residential & commercial sectors owing to its technical ...

If the inverter has been stored for more than two years or has not been in operation for more than six months after installation, it is recommended to be inspected and tested by professionals before being ...

Efficient 12 kW solar inverter by GoodWe for residential/commercial use. Easy installation & maintenance. Ref: GW12KT-DT.
