

Chinese PV module manufacturer Haitai Solar has announced the termination of a 10GW TOPCon solar cell project and the cancellation of its R& D centre expansion plan. Capital raised for ...

Haitai Solar has announced plans to invest around CNY 620 million (\$91.2 million) in the construction of a new PV module factory in Qinhuangdao, Hebei province. The factory will have an ...

Based on the ISO environmental management system, Haitai Solar actively implements advanced energy-saving and environmentally friendly manufacturing practices to build a green ...

Haitai Solar is a China manufacturer specializing in green energy, covering nine major sectors including photovoltaic modules, photovoltaic power stations, photovoltaic mountings, photovoltaic cells, ...

Haitai Solar says it has canceled an investment deal in the city of Yancheng, Jiangsu province, for a 10 GW TOPCon cell factory, citing uncertainty over land-related concerns.

PVTIME - On 3 June 2024, a manufacturing base mainly engaged in the production of solar modules and photovoltaic mounting was launched in Bayingolin Mongolian Autonomous ...

Haitai Solar entered the photovoltaic mounting system field in 2021, focusing on R& D, design, manufacturing, and sales of photovoltaic mounting systems. Annual production capacity reaches ...

Wang Yong, Chairman of Haitai Solar, stated that Haitai New Energy will uphold the concepts of ecological design, intelligent manufacturing, and green development to build a high ...

On February 21, at the construction site of the Haitai Solar 1000000 kW "Solar Thermal + Photovoltaic" integrated project located in the Qiquanhu Photovoltaic Industrial Park in Gaochang ...

Chinese new energy enterprise Haitai Solar yesterday released an announcement on capital increase to the construction of 2 GW of high efficiency solar module production.
