

How long is the warranty period for Trina photovoltaic panels

Does Trina Solar have a warranty?

This warranty program is only available in the United States. While Trina Solar has already offered a 25-year power warranty, Trina Protect now extends the residential module product warranty from 12 years to 25 years. This warranty extension can provide additional protections and greater peace of mind for homeowners and installers alike.

How long do Trina Solar panels last?

For most solar panels, it's 25 years, but for their dual glass panels, Trina provides a 30 year product warranty. In addition to these two warranties, you are also protected by Australian Consumer Guarantees. This is a good thing because even the best solar panel warranties I've seen provide much less protection than our Consumer Guarantees.

Does Trina Solar offer a warranty on Duomax products?

(The power on the backside of the Duomax products is treated at 10% of the backside warranty power) Trina Solar reserves the right to provide other models of Products in replacement or addition of the defective Products if the defective Products are discontinued or otherwise unavailable.

How does Trina's performance warranty work?

Trina's Performance Warranties allow their solar panels to degrade in performance by a specific maximum amount per year. But they also allow for a greater reduction in output in their first year. The first-year decline and subsequent annual degradation -- or "attenuation" as Trina calls it -- is the same for all four standard panels:

Global Limited Warranty Trina Solar Co., Ltd ("Trina Solar") hereby grants the following Global Limited Warranty to the first customer installing (for its own use) (the "Buyer") any of the ...
