

A partnership between Irish renewable energy group NTR and London-based Legal & General (L& G) has acquired a 211-megawatt (MW) hybrid solar and battery storage project in Louth ...

Our energy storage cabinet systems provide efficient solutions for commercial and industrial (C& I) applications, including battery storage, outdoor cabinets and solar systems, ensuring reliable ...

If you've ever wondered how Ireland plans to keep the lights on while phasing out fossil fuels, look no further than its booming Irish battery storage companies.

Irish state-owned electricity company ESB has opened a 150MW/300MWh battery energy storage system (BESS) at its Aghada site in Co Cork. The project is the latest step in ESB's ...

Huijue Group offers industrial and commercial energy storage, PV-BESS -EV Charging, Off-grid / On-grid Microgrid, telecom site solutions, and home solar energy storage, ensuring ...

ESB has opened a major battery plant at its Poolbeg site in Dublin today, 7 February. This new battery plant will add 75MW (150MWh) of fast-acting energy storage to help provide grid stability ...

LZY Energy provides efficient and reliable energy management solutions for I& C users through leading technology and careful design. We are committed to promoting energy transformation and ...

Every battery storage project connected makes our electricity grid more secure and helps to integrate wind and solar power. Today, in May 2022, we have 13 projects operating with a combined capacity ...

A partnership between Irish renewable energy group NTR and ...

Huijue, a leading BESS manufacturer, offers top-performing lithium battery-powered storage solutions. Ideal for grids, commercial, and industrial applications, our systems seamlessly integrate and ...

SSE Renewables has acquired a 120-MW/240-MWh battery energy storage project in County Offaly, Ireland, from UK-based Low Carbon, enhancing its battery development portfolio on ...
