Our expert teams are all MCS & RECC accredited, providing you with the highest quality installations, using the best and most efficient systems on the market today.

How much do solar panels cost in Manchester?

You use the electricity immediately, store it in a battery, or export it back to the grid. Modern systems last 25-30 years with minimal maintenance. The average cost of solar panels in Manchester ranges between £5,000 and £9,000 for a standard home system. Key factors that affect price: [Learn more: Solar Panel Costs in Manchester - 2025 Guide](#)

What is off-grid solar?

Off-grid solar in particular is a reliable source of free energy and the system is designed to maximise the solar yield, reducing your energy costs further. We offer a full supply and installation of solar panels and chargers. [Find Out More How Much Space Will I Need?](#)
