

Total investment in the Cork energy storage project in Ireland

Irish state-owned utility ESB on Friday inaugurated a 150-MW/300-MWh battery energy storage system (BESS) at its Aghada site in County Cork as part of its EUR-300-million (USD 317m) investment in ...

The project, designed to enhance grid stability and integrate more renewable energy into the electricity system, is part of ESB's EUR300 million investment in energy storage technology.

This battery-energy-storage system (BESS) is part of a larger EUR300 million investment by ESB in projects across Cork and Dublin. In 2022, ESB completed its first BESS project in Aghada, ...

This battery-energy-storage-system (BESS) is the latest in ESB's pipeline of projects to be delivered at sites in Cork and Dublin, which are part of its investment of up to EUR300m in the ...

Irish state-owned electricity company ESB has opened a 150MW/300MWh battery energy storage system (BESS) at its Aghada site in Co Cork. The project is the latest step in ESB's ...

"This is the latest of ESB's "Invested in Ireland" projects, with over EUR300m recently invested in storage and security, supporting Ireland's National Development and Climate Action plans."

This battery energy storage system (BESS) project is the latest in ESB's pipeline of projects delivered at sites in Dublin and Cork which are part of its investment of up to EUR300m in the ...

We currently have more than 300MWs of battery storage capacity in operation in Ireland, making it one of the largest battery portfolios in Europe. We plan to develop a pipeline of large scale battery ...
